CA COMPLIANT
AIR ASSIST SPRAY

NV00 is a multi-purpose industrial contact adhesive specifically designed for air assist spray application. Applied on both surfaces to be adhered, NV00 is a high strength, high temperature contact adhesive providing strong permanent bonds for a wide variety of substrates to include decorative laminates and veneers, fiberglass, glass, upholstery, fabrics, foam, auto headliners, cork and particle board. Formulated with extremely low VOCs to comply with CA and OTC states regulations.

PRODUCT USAGE

For strong permanent bonds, apply NV00 to both surfaces to be bonded. Spray an even coat of adhesive with at least 80% to 100% coverage. Place the surfaces together and apply pressure evenly across the full bonding surface. For best results: Make sure that the surfaces are dry and free from dirt, grease or oil. Ensure that the adhesives and substrates are at 60°F or higher..

STORAGE

After use, do not close the valve. Leave the gun and hose connected to the canister. Recommended to store canister off the floor if temperatures below 60°F

PHYSICAL PROPERTIES

Appearance:	Liquid, clear or red
Specific Gravity:	.90 - .94 g/cc
Shear Adhesion:	100psi >200°F
Spray Pattern:	Pebble Spray
Flammability:	Flammable per ASTM E-681-04
VOC:	0% by weight
Shelf Life:	15 months
Freezing:	Not damaged by freezing but return to room temp before use.

PACKAGING

NV00-008C(R)	8# Disposable Canister
NV00-027C(R)	27# Disposable Canister
NV00-130C(R)	130# Returnable Canister
NV00-270C(R)	270# Returnable Canister

All available in Clear (C) or Red (R)

KEY FEATURES

- Specifically designed for Air Assist Spray
- No VOCs
- SCAQMD Rule 1168 & OTC Compliant
- LEED Compliant
 - LEED Schools EQ Credit 4.0
 - LEED Core & Shell EQ Credit 4.0
 - LEED ND & CI EQ Credit 4.1
 - LEED EB MR Credit 3.0
