

PT11

Robust, Easy to Use

High Temperature Resistance

Non-Flammable

LEED Compliant

SCAQMD & OTC Compliant

PT11 is a versatile, robust water based contact adhesive designed to provide strong permanent bonds on a wide range of materials to include PIONITE decorative laminates and veneers, fiberglass, glass, cork, particle board and foam. It will not attack cells in expanded styrene and other foam materials. Water resistant and temperature resistant to over 200°F.

PRODUCT USAGE

Pionite PT11 is designed to be applied to both surfaces about to be joined. Spray or roll an even coat of adhesive on both surfaces. Allow to tack. Place the surfaces together and apply pressure evenly across the full bonding surface. For best results: Make sure that the surfaces are dry and free from dirt, grease or oil. Ensure that the adhesives and substrates are at 60°F or higher.

STORAGE

Store in clean, dry area. Protect from freezing.

PHYSICAL PROPERTIES

Appearance:	Liquid, white or green
Base:	Synthetic polymers
Solvent:	Water based, no solvents
Solids %:	38 – 40%
Density:	9.2 lb/gal
Flash point:	none
Shelf Life:	12 months (unopened)
Freezing:	Protect from freezing.

PACKAGING

PT11-001C(R)	4-1 gal Pails
PT11-005C(R)	5 gal Pail
PT11-055C(R)	55 gal Drum

All available in Clear (C) or Red (R)

KEY FEATURES

- Robust, Easy to Use
- High Temperature Resistance
- Non-Flammable
- LEED Compliant
- SCAQMD and OTC Compliant
